

FIREMEN ON THEIR WAY

CHORUS

Firemen on their way,
firemen on their way.
Firemen on their way,
firemen on their way.

Here is the fire engine red
shiny bright.
See the engine driver
turn on the siren light.
Woo-ee woo-ee hurry please make way.
Firemen on their way without delay!

CHORUS

Big yellow flames grow
higher and higher.
Firemen arrive to put out the fire.
Swish goes the water from
the water spout.
In no time at all the flames
are put out.

CHORUS

Firemen on their way!
