

NUMBER Nine

1 2 3 4 5 6 7 8 9

Numbers 1 to 10 Gus would love to teach,
while he's having fun playing at the beach.
Hey are you standing and waiting in line...
drum roll please for number nine!

Gus the sandcastle you've created,
looks just lovely decorated,
with nine shells that you've found,
lying scattered on the ground.
It's cool, well done, bravo.
You're one clever hippo!
